HELP the Animals Recieves Grant towards kennel renovations

25 years ago, HELP the Animals purchased dog kennels. Since that time, those kennels have temporarily housed thousands of dogs. Some who had been abused, neglected or abandoned. In the last 5 years, we have struggled to keep these kennels in usable condition; patching holes, trying to re-fence the rusted gates the best that we can, being inventive when it comes to trying to fix broken pieces... but, we have finally lost the battle.

We are now in the middle of raising the money to replace the lifted kennels entirely and renovate & purchase all new stainless steel gates for the existing concrete kennels, eco friendly drain correction, painting and sealing, noise barrier and more. Our goal for the proposed renovation is \$29,000.

HELP the Animals is happy to announce that we recieved the Improving Quality of Life grant from Wayne County Foundation. This grant for \$5,757 to assist with the renovation of the large dog kennels at the shelter will greatly improve the quality of life for the animals while they are in our temporary care. We would like to thank them, for getting us so much closer to our goal.

The grant was made possible by the Charles and Maxine Matthews Environments and Animal Welfare Fund and the Miriam D. and J. Rolf Wadman Memorial Fund No. 1.

You can find out more about the kennel renovations at www.helptheanimalsinc.com or talk to one of HELP the Animals' Board members.

Sincerely,
HELP the Animals, Inc.
